Creating Entries

One entry must be made for each item/lot. For example, if an exhibitor is bringing two photographs, two entries into the photography class must be created in ***two different lots***. Once all entries have been created for the first exhibitor, you have the choice of creating another exhibitor in this family (and entries) or proceeding to check-out.

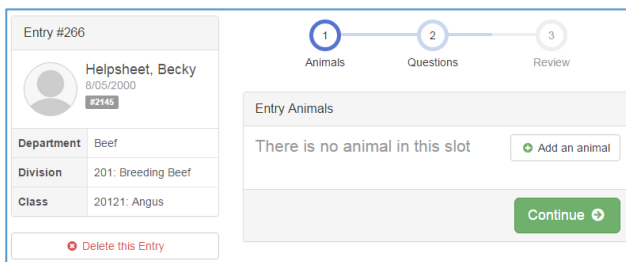

1. Click Add an Entry beside the correct exhibitor (if more than one has been created).

2. Click Select beside the first department you wish to enter.
3. After you select a department, you will see a list of classes to select from, and then a list of available lots. *Also notice that there are blue "Change" links in case you mistakenly select an incorrect department, division, or class.*
4. After you have selected the class, click the green Continue button.

5. If this is an **animal class entry**, you may be required to enter additional details, like the weight, tag number, etc. If this does not apply to you just enter NA. Looking at the screen to at the right, click Add an Animal, and select new animal. Follow the on screen instructions.
6. Fill in all the fields with information about the animal you intend to exhibit. Click Create and Add Animal when finished.
7. If the animal information was entered incorrectly, you have the option to either Remove From Entry (creating a new animal) or Edit Animal Details. When it's correct, click Continue.

8. The Review screen allows you to double check this entry for accuracy, and make any changes necessary. When the information is correct, click Continue and that class entry is complete.

9. When each lot entry is complete, you have three choices for what to do next:

- If all lot entries have been completed for one exhibitor, you can **Register another Exhibitor** in this family.
- If this exhibitor has more class entries to make, you can **Add another Entry for this Exhibitor**.
- If all entries for all have been completed, **Continue to Payment** to finalize and submit your entries.

10. Review your entries for completeness and accuracy. *Notice the Summary and Detail buttons at the top of the list on the right.* If there are errors, click on the green Entries section at the top of the page. Click Continue when all information is correct.

11. Read the payment instructions.

12. Read the information in the “After you Submit” section. You may also have to check a box to “Agree to Terms”. Click Submit to finalize the entries for the exhibitors in this family. **After you click Submit, no changes are possible to these entries without calling the fair office. Changes must be done before June 3rd.**

PRINT YOUR ENTRIES FOR YOUR LEADER/ADVISOR TO REVIEW, if requested.

Reminders:
