The following is a summary of animal health requirements for fairs, shows and exhibitions only. They are not necessarily the same as requirements for importing animals into Wisconsin or moving them within the state for other purposes. They may change if animal diseases occur in Wisconsin or elsewhere, so you should always check our website or contact us for current information. Ref. s. ATCP 10.87, Wis. Admin. Code

<p>General Requirement for show organizers</p>	<p>All fairs or exhibitions of any length must obtain, review, and keep for five years all required records and test results:</p> <ul style="list-style-type: none"> · Exhibitor's name and address · Animal identification (number, type, description, and, when required, official identification (see requirements for different animals below)) · Documents showing compliance with disease testing and other health requirements · Livestock premises number, if any, where animals originated · Documentation showing legal importation to the event (if applicable) and, when required, movement to the event (see requirements for different animals below) · For swine, a record of any swine transported directly to a slaughtering establishment · For swine, a record of any swine transported to an animal market where all animals sold at the market sale for that day were shipped directly to a slaughtering establishment <p>Fairs or exhibitions lasting more than 24 hours must appoint a licensed veterinarian to inspect all animals daily.</p> <p>Please note: Except in specific circumstances, if an animal already bears an official 840 ear tag, that ear tag must not be removed and additional official ear tags must not be applied. Instead the existing ear tag must be read and recorded when a record of that animal is required. (Ref. s. ATCP 10.045, Wis. Admin. Code)</p>
---	---

	<p>These regulations apply to all fairs and exhibitions, including additional events (like rodeos, shows, or other organized events) that occur in conjunction with the fair.</p>
<p>Diseases</p>	<p>Animals that show evidence of having contagious or infectious diseases may not be commingled (or housed/kept) with other animals at a fair, show, or other exhibition in such a way as to allow disease to spread. Such animals should not attend the fair, show, or exhibition. Animals may be denied entry if they arrive at these events with contagious or infectious diseases, isolated and/or removed if they develop disease after arriving, or be subject to other action as would be necessary to control disease.</p> <p>Bovine animals with ringworm, mange, warts or scab will be removed from the fair or exhibition premises, unless the veterinarian in charge finds warts or ringworm lesions are incapable of transmitting disease.</p>

Cattle and bison

Cattle from within Wisconsin have no requirements for tests or health documents.

Cattle from outside Wisconsin must:

Be accompanied by certificate of veterinary inspection (CVI or health certificate) documenting official animal identification (ID) and all required tests and certifications

Have at least one form of official individual ID (including steers)

Meet all of Wisconsin's normal requirements for import (see https://datcp.wi.gov/Pages/Programs_Services/CattleBison.aspx)

Acceptable animal IDs for all cattle from outside Wisconsin

USDA metal ear tag number that is part of the National Uniform Ear tagging System (NUES) (starts with state 2-digit code, also known as "brite" tag); this includes the orange brucellosis vaccination tag

15-digit "840" tags (visual or RFID)

Valid only if applied before March 11, 2015:

- o Manufacturer-coded RFID tag - 15-digit number with the first three digits in 900s
- o American ID tag – 8 to 12-digit number prefaced with "USA"

Brucellosis requirements for cattle from outside Wisconsin

No cattle from outside Wisconsin are currently required to be brucellosis tested or vaccinated to come to fairs and shows in Wisconsin

Tuberculosis (TB) requirements for cattle from outside Wisconsin

For requirements by state, see:

https://datcp.wi.gov/Pages/Programs_Services/CattleBison.aspx

Cattle from Michigan's Modified Accredited Zone (for cattle from Michigan's TB Free Zone, see requirements by state above) also need:

Import permit

To originate from a herd that has a negative whole-herd TB test within 12 months before arrival in Wisconsin that includes all animals 1 year and older

Negative individual TB tests within 60 days before entering Wisconsin

To return directly to the state of origin after the show, and there must be a statement on the CVI that they will be doing so

For information on obtaining an import permit:

Online https://datcp.wi.gov/Pages/Programs_Services/AnimalMovementPermits.aspx

Email DATCPAnimalImports@wi.gov

Call 608-224-4872

Cattle from Canada must meet current federal requirements to enter the United States. (See <https://www.aphis.usda.gov/regulations/vs/iregs/animals/downloads/ca-protocol-imp-cattle-bison.pdf>)

Requirements are subject to change as conditions warrant. For current information, check https://datcp.wi.gov/Pages/Programs_Services/CattleBison.

Swine

Note: These regulations apply to all swine, including pet pigs and racing pigs.

Swine from within Wisconsin need a Wisconsin intrastate certificate of veterinary inspection (CVI or health certificate):

Note: Herd of origin means the herd in which the pigs currently reside, likely the exhibitor's herd. When pigs are purchased from a herd, the herd from which they originate is the herd of origin for the seller. Once the purchased pigs are added into the buyer's herd (even if the buyer's herd only consists of one or just a few animals), the buyer's herd becomes the new herd of origin and that herd must meet testing requirements to move pigs again.

Stating that the entire herd of origin was inspected on the farm within 30 days before the show and showed no signs of disease.

Non-terminal Exhibitions: All swine must have a PRRS (Porcine Reproductive and Respiratory Syndrome) and PEDv (Porcine Epidemic Diarrhea virus) test of the herd of origin within 90 days of the exhibition. Include test date, type, and results on the CVI. For swine

originating from herds with positive tests, include the herd plan number on the CVI. **Terminal Exhibitions:** No testing requirements.

Note: Terminal Exhibitions are those at which all the swine go directly from the fair/show to the slaughtering establishment OR to a slaughter only market sale. If going to a slaughter only market sale, contact the Division of Animal Health fair inspector for required information to collect.

Note: If the fair intends to use a load-out facility, contact the Division of Animal Health in advance to discuss requirements that must be met.

Swine from outside Wisconsin need a certificate of veterinary inspection that includes the following:

- The negative results of the PRRS test from the swine's herd of origin conducted within 90 days prior to movement into Wisconsin including test date, type, and results.
- The negative results of the PEDv test from the swine's herd of origin conducted within 90 days prior to movement into Wisconsin including test date, type, and results.
- A statement that the veterinarian has inspected the entire herd of origin within the past 30 days and that no clinical signs of PRRS and PEDv or any other apparent disease was present at the time of inspection
- Official individual identification (ID)

If the herd of origin tests positive for PRRS and/or PEDv, contact the Department of Agriculture, Trade and Consumer Protection at 608-224-4872 for options.

Acceptable methods of ID for swine are:

- USDA silver ear tag
- USDA 840 ear tag, either visual or RFID
- Breed association tattoo if the pig is a purebred and the tattoo is registered
- An ear tag with the premises identification number and a unique identifier
- Ear notch if the pig is a purebred and the notch is registered

Note: Microchips are not accepted as official ID for any swine including pet pigs.

Requirements are subject to change as conditions warrant. For current information and for PRRS and PEDv testing options, check https://datcp.wi.gov/Pages/Programs_Services/SwineMovement.aspx.

Sheep and Goats:

Note: These rules do not apply to non-domestic sheep and goats. See Exotic Ruminants below.

Sheep and goats from within Wisconsin need:

- If sexually intact, they need official individual identification (ID) at any age.
- If not sexually intact, need an official individual ID if they are 12 months or older.
- See below for Official ID options.
- Sheep and goats that go to a market or slaughter establishment after the fair should have an owner hauler statement to move from the fair to the market/slaughter establishment.

Sheep and goats from outside Wisconsin need:

- Certificate of veterinary inspection (CVI or health certificate) and official individual ID for all animals.
- See below for Official ID options.
- See below for additional requirements for goats from Michigan's Tuberculosis Modified Accredited Zone.
- Sheep and goats that go to a market or slaughter establishment after the fair should have an owner hauler statement to move from the fair to the market/slaughter establishment.

Official Identification includes:

- Scrapie ear tags (including tags on neckstraps for animals with absent/injured ears or with official tattoos – see DATCP Website*)
- USDA 840 ear tags
- Legible breed tattoos (see DATCP Website* and NOTE below)
- Legible scrapie tattoos (see DATCP Website* and NOTE below)
- Approved microchips (Electronic Identification/EID) – There are many requirements that need to be met to use microchips including a requirement for accompanying tattoos. See DATCP Website* and NOTE below.

NOTE: All sheep and goats that go through a market or to slaughter and require Official Identification must be eartagged with Official ID. Official ID in the form of a tattoo or Electronic Implantable Identification (EID) is no longer sufficient when moving through a market or going to slaughter.

NOTE: If a Wisconsin origin animal is neutered, less than 12 months of age, and moving through a market after the fair, the market may require Official ID in the form of an ear tag.

*For more information on official identification and for owner hauler statements see DATCP Website at https://datcp.wi.gov/Pages/Programs_Services/OfficialID.aspx

Goats from Michigan's Tuberculosis (TB) Modified Accredited Zone also need:

- Import permit

- To originate from a herd that has a negative whole-herd TB test within 12 months before arrival in Wisconsin that includes all animals 1 year and older
- Negative individual TB tests within 60 days before entering Wisconsin
- A statement indicating the animals will return directly to the state of origin after the show.

ATCP160.02 PREMIUM REQUIREMENTS.

(1) GENERAL

- (a) The state aid authorized by s. 93.23 (1), Stats., may be paid on net premiums paid by a county or district fair. The department may withhold state premium aid from any fair which does not enforce the animal health provisions required under ch. ATCP 10 that are applicable to animals exhibited at the fair. State aid will be paid only on premiums actually paid by bank check or draft.
- (b) No deductions may be made from premium money won by an exhibitor. Premiums may, however, be withheld where exhibition rules established by the fair association are violated. A written statement of violation shall be submitted to the department to justify action taken by a local fair.
- (c) Premiums offered shall be definite in amount. No decrease or increase in published premiums may be made because of the financial condition of the organization or for any other reason.
- (d) State aid may be paid on no more than 2 premiums awarded an exhibitor under one premium or Lot No. in open division individual livestock classes, except poultry and rabbits, and no more than one premium in all other classes, including poultry and rabbits.
- (e) No county or district fair may receive state aid for a premium awarded to any exhibitor in the open division if that exhibitor entered the same exhibit in the junior division at the same county or district fair. This paragraph does not apply if the exhibit was entered in the junior division only as part of a herd group, carcass class or performance class.
- (f) No state aid will be paid on the cost of ribbons, cups, trophy prizes or entertainment contests.

(2) PREMIUM LISTS

- (a) Premiums for which state aid is requested by county and district fairs shall conform with uniform premium list and other requirements as set forth in these rules. Fairs requesting state aid for net premiums shall submit to the Department, a printed copy of the premium list used at the fair, as required under s. ATCP 160.92 (3)(c)
- (b) The officers of each fair shall mail a copy of the premium list to other associations, societies, or boards conducting a fair in Wisconsin upon request.

(c) Sections ATCP 160.01 through 160.07 and 160.91 shall be published in the premium books used by a fair for which state aid is requested.

(3) ENTRY FEES

(a) A fair may charge an exhibitor an entry fee or charge stall rents for animals, or both.

(b) Exhibitors in department 35 shall not be required to purchase an exhibitor's ticket. Any other exhibitors may be required, if no entry fee is charged, to purchase an exhibitor's season ticket at a price not to exceed that charged for non-exhibitors season tickets.

(4) SPLIT FAIR DATES

(a) For purpose of this subsection, "split fair dates" occur when a fair organization judges exhibits or contest and pay premiums at more than one time or more than one location during the calendar year.

(b) Except as provided under par. (c), the department may not pay state aid for fair having split dates unless the Department gives advance written approval for a split fair. The department may approve split fair dates only if the fair organization justifies the split dates on extreme hardships. If the department approves split dates, all blue ribbon winners shall repeat their demonstrations or exhibits at the regular fair dates unless the department grants a hardship exemption. An exhibitor may use audio-visual media, still photography or educational display to repeat a demonstration or exhibit.

(c) The department may pay state aid for the following exhibits or contest in a fair having split dates, regardless of whether the department approves those split dates in advance:

1. Clothing review.
2. Demonstrations.
3. Favorite foods review.
4. Dogs.
5. Small animals.
6. Rocketry.
7. Shooting sports.
8. Other exhibits and contests that are similar to those identified in subds. 1. To 7.

ATCP 160.03 EXHIBITION REQUIREMENTS. A county or district fair shall meet all of the exhibition requirements of this section to be eligible for state premium aid.

(1) No fair society or other organization sponsoring a county or district fair shall require an exhibitor to become a member of the organization in order to enter an exhibit at the fair, nor shall the sponsoring organization make any deduction from an exhibitor's premium as a donation to the fair society, or require an exhibitor in any other way to make a donation to the society.

(2) State aid may not be approved for out-of-state exhibits or for separate classes of local and non-local exhibitors. Aid may not be approved for payment of premiums to an exhibitor having an out-of-state address but claiming Wisconsin residency unless the fair secretary provides the department with an affidavit that the exhibitor's residence is geographically located within the state.

(3) State aid may be paid only on articles or animals actually on display in an exhibit building or actually shown in the show ring on regular fair dates, unless approval for split fair dates is obtained under s. ATCP 160.02 (4). State aid may not be paid on Dairy Herd Improvement Association records, transportation aid, production contests or other special educational exhibits unless prior approval is obtained under s. ATCP 160.04 (8).

(4) State aid may not be paid on exhibits removed from the fairgrounds before 4:00 p.m. of the last day of the fair, or such **other later time as** may be specified by the fair, without prior approval of the department. Authority for earlier removal may be granted by the department, in the case of meat animal sales or other special classes, if requested before the beginning of the fair. In other hardship cases, approval may be granted by the local fair. Exhibits in dog obedience and small animal pet classes may be judged during the regular fair, but are not required to remain present during the entire fair. The local fair may prescribe the length of time junior fair exhibitors of horses shall keep their animals on the grounds.

ATCP 160.04 JUNIOR FAIR DIVISION: GENERAL REQUIREMENTS.

(1) Eligibility. In the junior fair division, the department may pay state aid on prizes offered to exhibitors who are under 20 years of age on January 1 of the current fair year. A county or district fair board may establish subgroups within a fair entry class based on the exhibitor's grade level in school. The department may not pay state aid on prizes for club parade, club floats, song contest, or a project which is an exhibit or demonstration at the fair.

(2) All exhibitors in the junior fair division shall be members of 4-H, FFA, Scouting programs, breed groups, or any other recognized youth organization under adult leadership and that has an education program appropriate to that organization and is approved by the fair board.

(3) Exhibits in the junior fair shall be the product of the exhibitor's own labor. An exhibit may include a study project, merit project or other special project, a skill area or a supervised occupational experience in which the exhibitor is regularly enrolled provided that the fair board approves the project, skill area or supervised occupational experience as an exhibit.

(4) State aid may not be used to award more than one premium to any exhibitor in any department in the junior fair division, except that:

(a) A premium may be awarded to each member of a group that collectively owns and enter a livestock exhibit in departments one to 5 of sub ch. IV.

(b) An exhibitor may receive a separate premium for showmanship where authorized under subch. IV.

(c) An exhibitor may receive more than one premium in a department for which additional premiums are specifically authorized under sub ch. IV.

(5) Under subch. IV, within each of the junior fair departments 9, 10, 13 to 16, 18, and 20 to 29, a fair board may establish one or more entry classes for self determined projects that are related to that department. The fair board may establish class entry criteria, including student grade level criteria. Entry classes are open to 4-H members enrolled in a designated 4-H project or an alternative project that follows 4-H project guidelines, and two members of other youth organizations that do equivalent work and apply equivalent guidelines. Exhibits may be judged using the regular or Danish judging system. For each entry class a fair board may pay first-place to fourth-place premiums at any of the following levels designated by the board:

(a) Premium level one: \$2.00, \$1.75, \$1.50, \$1.25.

(b) Premium level 2: \$2.50, \$2.25, \$2.00, \$1.75

(c) Premium level 3: \$3.00, \$2.75, \$2.50, 2.25

(6) If 16 or more animals, items or articles are entered in any junior fair class, the class may be divided into 2 or more approximately equal groups according to weight, age or other identifying characteristic and each group judged as a class.

(7) Special education exhibits may [be] established if the proposal is presented to the Wisconsin association of fairs before October 1 of the year preceding its proposed establishment and the exhibit is approved by the department.

(8) Within any junior fair department under sub ch. IV, a county or district fair may establish special classes where none are specified under sub ch. IV. Special classes may include classes for grade and cross-bred females in the beef, swine, sheep and horse departments. Premiums for special classes created under this subsection shall be equal to premiums for comparable classes established in the same department under sub ch. IV.

ATCP 160.05 OPEN DIVISION: GENERAL REQUIREMENTS.

(1) Total maximum premiums set forth for all places in any open division livestock class, excluding poultry and rabbits, may be divided into premiums for a greater number of places, but the maximum premium offered for any additional place shall not be higher than the maximum for last place in the class.

(2) All animals in any open division class shall be owned by the exhibitor, except as provided in s. ATCP 160.09.

ATCP 160.07 CLASSES: GENERAL REQUIREMENTS.

(1) Classes may be combined if the number of entries in several single classes is insufficient. If any classes are combined, state aid shall be limited to the maximum total premiums listed for a single class of animals, items or articles in that department.

(2) (a) Except provided under par. (b), no county or district fair may receive state aid for premiums awarded for sexually intact male dairy cattle, beef cattle, sheep, goats, swine or horses unless those animals are registered purebreds. Registered purebred status shall be documented by a certificate of registry from the appropriate breed association or society, or a copy of the application for registration.

(b) Paragraph (a) does not apply to dairy cattle exhibited at a county or district fair if a national breed association certifies that those dairy cattle are recorded in the breed association's qualified herd book which records the genealogy of that breed.

(3) Any animal entered as part of a group class may also be exhibited in a class for individual animals.

(4) Boars may not be entered as an exhibit in the swine department unless their tusks have been removed.

II - JUNIOR CLASS

****ATTENTION ALL YOUTH LEADERS****

A number of people have expressed concern about the allotment of space in the cattle barn. This problem is the result of clubs reserving more space than they really need. We recognize it is difficult at entry time to report an accurate number of animals which will actually come to the fair.

Judging of Herdsmanship will be handled by animal superintendents or their representatives. Herdsmanship awards will be judged in dairy for 4-H class and FFA chapter/Junior Holstein. Beef, sheep, and swine awards will be awarded to 4-H and FFA chapters. Judging of "Herdsmanship" contest will begin on Friday of the fair after 3:00 p.m. You will be judged on: Preparation of the Exhibit, Care of Exhibit, and Appearance and Attitude of exhibitors.

Therefore, the Fair Committee is asking the leaders of all 4-H clubs, FFA chapters, and breeding group to report the number of animals (cows, yearlings, calves, dairy, beef, sheep and hogs) being exhibited to the fair office no later than 2:00 p.m. on **Friday, June 30**. Any club that abuses requests for space may forfeit awards for Herdsmanship, forfeit premium money or may be the reason for the start of stall rent or fees at Lafayette County Fairs in the future. Please, let's all cooperate so all exhibitors have a fair share of space. **THERE WILL BE NO CHANGES MADE IN STALL ASSIGNMENTS! ANY QUESTIONS-CONTACT THE FAIR OFFICE!!!!**

 3. Swine Showmanship – Wednesday
 4. Market barrows must weigh a minimum of 225 lbs. at fair to be eligible for the show. If an exhibitor does not have a market pig that makes the minimum weight they will be allowed to exhibit one pig – the heaviest – in the Junior show.
 5. The Market Hog Show will be a NON-TERMINAL SHOW. ***Pigs can go home.*** Rights can be reserved on your pig to show at the Wisconsin State Fair. This must be declared at weigh ins.
 6. No clipping swine in the barns.
 7. *The animal must have been carried as a project animal since May 1 of the current show year.*
8. Every exhibitor or exhibitor's family must take proper steps to feed and water their swine exhibits through Sunday afternoon. Any exhibitor who is found mistreating their swine exhibit by withholding feed and water will have actions taken against them including withholding auction proceeds, and the animal will not be entered in the carcass show and will be sold at market price. Action could also include the exhibitor being banned from exhibiting swine at the Lafayette County Fair the following year.
9. Each exhibitor is responsible for caring for their swine exhibit or making arrangements for someone to care for their animal. The Swine Superintendents, LCLC, Lafayette County Fair, and other load out personnel are not responsible for getting your extra hogs to locker plants. We will only be responsible for animals that run through the auction and those that choose to go directly to market. If you have made a locker assignment for your extra hogs you are responsible for getting it to that particular locker plant. This is a non-terminal show. If you make locker assignments you are responsible to get them there. Again we are only

responsible for the hogs that go through the auction and those that declare market for their extra hog.

10. Regular Health papers (on the farm within 30 days before the show-no signs of disease) will be required of all swine.

11. Little Britches Class – open to all children 4 years old to 3rd grade. You do not need to be in any organization to exhibit. The exhibitor can bring their own hog or can borrow a hog already at the fair from another exhibitor. **Please fill out the form in the back of the fair book.**

12. Top placing swine animals must sell in the auction.

13. There will be a Bred and Owned class separate from the Gilt Show and Junior Market Show. Any swine that meets the Bred and Owned criteria will be eligible for Bred and Owned Champion. That criterion includes the following. The gilt or barrow must be purebred. Crossbreds are not eligible. Breed registration certificates must be made available at check in. The junior exhibitor must be listed as a current owner or co-owner and as the original breeder or co-breeder on the registration certificate. The Bred and Owned champion will not go to the top of the sale order. They will have the opportunity to show in Junior Market Show and make Top 5 of sale order during that portion of the swine show.
