Did you know there are 4 types of judging that can be used at the fair?

- ❖ **Danish Judging** – Used for most departments and classes in the junior division. All the entries in one lot number are arranged together so the judge can decide what placing to give them. Each of the entries will get a placing, but there is a limit to the number of blue, red, white and pink ribbons that can be given. Please refer to page 8 in this Fair Book: Chapter ATCP 160.91, subchapter V – Judging Regulations, number 4b for an explanation that shows how many placings the judge can give in a class.
- ❖ **Regular Judging** – Used in all open classes and in a few classes in the junior division. This means that only four placings can be given in each class item number (1 blue, 1 red, 1 white and 1 pink). If there were more than four entries, the other entries would not receive a placing.
- ❖ **Conference Judging** – This means that the entire group of exhibitors for a specific class item number will meet with the judge, and the judge briefly discusses each exhibit with the exhibitors. The judge will place each exhibit comparing it to the standard of perfection and the quality of the other exhibits according to the Danish system.
- ❖ **Face-To-Face Judging** – This means that the exhibitor must be present at the time of judging and talk to the judge about his/her entry. This system is used for the Cloverbud and Exploring departments, Club Booths, Collections and Self-Determined exhibits. It is designed to make the judging experience a positive learning experience for the younger exhibitor.

Remember, the most important thing is how YOU feel about your project and what you've learned. If you did your best, you can be proud of yourself and the experience you gained!

This is a summary of animal health requirements for fairs, shows and exhibitions. They are not necessarily the same as requirements for importing animals into Wisconsin or moving them within the state for other purposes. They may change if animal diseases occur in Wisconsin or elsewhere, so always check datcp.wi.gov or contact us for current information. Fairs or exhibitions may have their own additional requirements. Exhibitors should contact the event organizers for more information. Ref. s. ATCP 10.87, Wis. Admin. Code.

General Requirement for show organizers

All fairs or exhibitions of any length must obtain, review, and keep for five years all required records and test results:

- Exhibitor's name and address
- Animal identification (number, type, description, and, when required, official identification (see requirements for different animals below))
- Documents showing compliance with disease testing and other health requirements
- Livestock premises number, if any, where animals originated
- Documentation showing legal importation to the event (if applicable) and, when required, movement to the event (see requirements for different animals below)
- For swine, a record of any swine transported directly to a slaughtering establishment
- For swine, a record of any swine transported to an animal market where all animals sold at the market sale for that day were shipped directly to a slaughtering establishment

Fairs or exhibitions lasting more than 24 hours must appoint a licensed veterinarian to inspect all animals daily.

Please note: Except in specific circumstances, if an animal already bears an official 840 ear tag, that ear tag must not be removed and additional official ear tags must not be applied. Instead the existing ear tag must be read and recorded when a record of that animal is required. (Ref. s. ATCP 10.045, Wis. Admin. Code)

These regulations apply to all fairs and exhibitions, including additional events (like rodeos, shows, or other organized events) that occur in conjunction with the fair.

Diseases

Lactating Dairy Cattle: Effective April 29, 2024 and June 19, 2024 respectively, all lactating dairy cattle moved interstate and lactating dairy cattle moved to fairs, shows, and exhibitions in Wisconsin are required to have a negative influenza A test from a milk sample collected within 7 days of movement. For more information see: DATCP Home Highly Pathogenic Avian Influenza (H5N1) in Dairy Cattle (wi.gov)

Animals that show evidence of having contagious or infectious diseases may not be commingled (or housed/kept) with other animals at a fair, show, or other exhibition in such a way as to allow disease to spread. Such animals should not attend the fair, show, or exhibition. Animals may be denied entry if they arrive at these events with contagious or infectious diseases, isolated and/or removed if they develop disease after arriving, or be subject to other action as would be necessary to control disease. (Ref. s. ATCP 10.08(1), Wis. Admin. Code)

Bovine animals with ringworm, mange, warts or scab will be removed from the fair or exhibition premises, unless the veterinarian in charge finds warts or ringworm lesions are incapable of transmitting disease.

Cattle and bison

Cattle and bison FROM WITHIN WISCONSIN: Effective June 19, 2024, all lactating dairy cattle are required to have a negative Influenza A test on milk samples collected within 7 days prior to movement to a fair or exhibition. Official ID is required for influenza testing.

Cattle FROM OUTSIDE WISCONSIN must:

Be accompanied by certificate of veterinary inspection (CVI or health certificate) documenting official animal identification (ID) and all required tests and certifications

Influenza A requirements for lactating dairy cattle from outside Wisconsin Effective April 29, 2024, all lactating dairy cattle are required to have a negative Influenza A test on milk samples collected within 7 days prior to interstate movement.

Requirements are subject to change as conditions warrant. For current information, check https://datcp.wi.gov/Pages/Programs_Services/CattleBison.aspx.

Swine

Note: *These regulations apply to all swine, including pet pigs and racing pigs.*

Note: Herd of origin means the herd in which the pigs currently reside, likely the exhibitor's herd. When pigs are purchased from a herd, the herd from which they originate is the herd of origin for the seller. Once the purchased pigs are added into the buyer's herd (even if the buyer's herd only consists of one or just a few animals), the buyer's herd becomes the new herd of origin and that herd must meet testing requirements to move pigs again. Stating that the entire herd of origin was inspected on the farm within 30 days before the show and showed no signs of disease.

Swine FROM WITHIN WISCONSIN (Ref. s. ATCP 10.32(2) and 10.87, Wis. Admin. Code) need a Wisconsin intrastate certificate of veterinary inspection (CVI or health certificate)

- Stating that the entire herd of origin on the farm was inspected within 30 days before the show and no apparent disease was present at the time of inspection.

- **Non-terminal Exhibitions:** All swine must have a PRRS (Porcine Reproductive and Respiratory Syndrome) and PEDv (Porcine Epidemic Diarrhea virus) test of the herd of origin within 90 days of the end of the exhibition. Include test date, type, and results on the CVI.

- **Terminal Exhibitions:** No testing requirements.

Note: *Terminal Exhibitions are those at which all the swine go directly from the fair/show to the slaughtering establishment OR to a slaughter only market sale. Shows or exhibitions are either terminal or non-terminal. If*

all of the pigs at the event are not going directly to slaughter (including through a slaughter only market sale), it is considered a non-terminal exhibition. For non-terminal exhibitions, all the pigs at the show or exhibition will need to be tested prior to the event even if individual animals will go directly to slaughter. If going to a slaughter only market sale, contact the Division of Animal Health fair inspector for required information to collect.

Note: *If the fair intends to use a load-out facility, contact the Division of Animal Health in advance to discuss requirements that must be met.*

Swine FROM OUTSIDE WISCONSIN (Ref. s. ATP 10.30 and 10.87, Wis. Admin. Code) need a certificate of veterinary inspection (CVI or health certificate)^a that includes the following:

- The negative results of the PRRS test^c from the swine's herd of origin conducted within 90 days prior to movement into Wisconsin including test date, type, and results.

- A statement that the veterinarian has inspected the entire herd of origin within the past 30 days and that no clinical signs of PRRS and PEDv or any other apparent disease was present at the time of inspection.^d
- Official individual identification (ID)^b Acceptable methods of ID for swine are:^b
 - USDA silver ear tag • USDA 840 ear tag, either visual or RFID

Note: Flock of origin means the flock in which the birds currently reside, likely the exhibitor's flock. Once purchased birds are added to the buyer's flock, even if the buyer's flock only consists of one or just a few birds, the buyer's flock is the flock of origin and that flock must meet NPIP or WI Tested or Associate Flock status to avoid individual bird testing for shows/fairs.

Poultry and waterfowl FROM OUTSIDE WISCONSIN (Ref. s.ATCP 10.42, Wis. Admin. Code) need a certificate of veterinary inspection (CVI or health certificate)a or equivalent (such as form VS 9-3) specifically showing movement to the fair or show that states:

- For eggs and birds of all ages, they originate from a flock classified pullorum-typhoid clean and for turkeys *Mycoplasma gallisepticum* clean under NPIP or an equivalent programc, or
- For sexually mature birds, they have tested negative for pullorum-typhoid (and *Mycoplasma gallisepticum* for turkeys) within 90 daysc before arrival at the show. These birds also need wing or leg band IDb. Eggs and sexually immature birds are not eligible for individual testing and cannot be shown unless they originate from an enrolled NPIP or equivalent program flock.

Not required:

- Import permit number

Requirements are subject to change as conditions warrant. For current information, check https://datcp.wi.gov/Pages/Programs_Services/PoultryMovement.aspx.

Guidelines for housing and managing animals

The State Veterinarian recommends that exhibitors:

- Vaccinate breeding cattle against bovine viral diarrhea (BVD) at least 30 days before the event
- Test cattle for BVD-PI by immunoperoxidase test, and bring them to shows only if they test negative
- Test cattle for Johne's disease by ELISA test, and bring to shows only if negative test
- Clean and disinfect vehicles used to transport animals to and from the show, and vehicles used on the grounds before, during, and after the show
- Isolate exhibited animals returning to their farms or animals purchased at the show for 21 days before mingling them with other stock
- Additional biosecurity recommendations can be found at: www.youtube.com/widatcp Go to Created playlists and View full playlist under Farm Biosecurity Practices

The State Veterinarian recommends that show organizers:

- House cattle separately from South American camelids, exotic ruminants, and poultry
- House cattle separately from small ruminants, especially sheep
- House ostriches, emus, rheas and cassowaries separately from domestic poultry
- House swine separately from any other mammals
- Include a space for the premises registration code on livestock entry forms
- Provide hand-washing stations near all livestock facilities
- Provide individual watering and feeding troughs rather than common ones

ATCP160.02 PREMIUM REQUIREMENTS.

- (1) General.
- (a) The state aid authorized by s. [93.23 \(1\)](#), Stats., may be paid on net premiums paid by a fair. The department may withhold state premium aid from any fair that does not enforce animal health provisions under ch. [ATCP 10](#) that are applicable to animals exhibited at the fair. State aid will be paid only on premiums actually paid by bank check or draft.
 - (b) No deductions may be made from premium money won by an exhibitor. Premiums may, however, be withheld where exhibition rules established by the fair association are violated. A written statement of violation shall be submitted to the department to justify actions taken by a fair.
 - (c) Premiums offered shall be definite in amount. No decrease or increase in published premiums may be made because of the financial condition or the organization or for any other reason.
 - (e) No fair may receive state aid for a premium awarded to any exhibitor in the open division if that exhibitor entered the same exhibit in the junior division at the same fair. This paragraph does not apply if the exhibit was entered in the junior division only as part of a herd group, carcass class or performance class.
 - (f) No state aid will be paid on the cost of ribbons, cups, trophy prizes or entertainment contests.
- (2) Premium lists.
- (a) Premiums for which state aid is requested by county and district fairs shall conform with the uniform premium list and other requirements set forth in these rules. (a) For purposes of this subsection, "split fair dates" occur when a fair organization judges exhibits or contests and pays premiums at more than one time or at more than one location during the calendar year.

(b) Except as provided under par. (c), the department may not pay state aid for a fair having split dates unless the department gives advance written approval for a split fair. The department may approve split dates based on hardship.

II - JUNIOR CLASS

****ATTENTION ALL YOUTH LEADERS****

A number of people have expressed concern about the allotment of space in the cattle barn. This problem is the result of clubs reserving more space than they really need. We recognize it is difficult at entry time to report an accurate number of animals which will actually come to the fair.

Judging of Herdsmanship will be handled by animal superintendents or their representatives. Herdsmanship awards will be judged in dairy for 4-H class and FFA chapter/Junior Holstein. Beef, sheep, and swine awards will be awarded to 4-H and FFA chapters. Judging of "Herdsmanship" contest will begin on Friday of the fair after 3:00 p.m. You will be judged on: Preparation of the Exhibit, Care of Exhibit, and Appearance and Attitude of exhibitors.

Therefore, the Fair Committee is asking the leaders of all 4-H clubs, FFA chapters, and breeding group to report the number of animals (cows, yearlings, calves, dairy, beef, sheep and hogs) being exhibited to the fair office no later than 2:00 p.m. on **Friday, June 27**. Any club that abuses requests for space may forfeit awards for Herdsmanship, forfeit premium money or may be the reason for the start of stall rent or fees at Lafayette County Fairs in the future. Please, let's all cooperate so all exhibitors have a fair share of space. **THERE WILL BE NO CHANGES MADE IN STALL ASSIGNMENTS! ANY QUESTIONS-CONTACT THE FAIR OFFICE!!!!**

GENERAL RULES - JUNIOR CLASS LIVESTOCK

1. All exhibitors in the junior fair division shall be members of a recognized youth organization under adult leadership and with an educational program approved by the fair board.

2. Exhibits must be owned by the exhibitor. Dairy and Beef ONLY may be managerial, and must be carried continuously as a project. ***Managerial forms must be filled out for Dairy and Beef only at the Lafayette County Fair and handed in with Fair Entries.***

A. A managerial animal is an animal that is under the daily care of, but not owned by, the exhibitor. An agreement is not required when the managerial animals are owned by the junior member's immediate family (brother, sister, parent, or family farm).

B. In Lafayette County, a managerial animal may only be shown in the Dairy and Beef classes if the exhibitor carried the animal as a managerial project as a calf, yearling, or heifer.

DEPT. 03-J - SWINE

The Swine Show is a non-terminal show. As a result, swine from within Wisconsin need a Wisconsin intrastate certificate of veterinary inspection (CVI or health certificate). All swine must have a PRRS (Porcine Reproductive and Respiratory Syndrome) and PEDv (Porcine Epidemic Diarrhea virus) test of the herd of origin within 90 days of the exhibition. Include test date, type, and results on the CVI. For swine originating from herds with positive tests, include the herd plan number on the CVI.

All health papers must be brought on entry day stating that the HERD OF ORIGIN was inspected on the FARM within 30 days before the show, and showed no sign of disease. All swine exhibitors will be required to sign a waiver at weigh-ins, that states "no Ractopamine" (Paylean) has been fed within the last 90 days to their market pig. Failure to abide by this rule results in immediate disqualification.

NO SWINE WILL BE UNLOADED WITHOUT VET APPROVAL.

See complete *Animal Health Requirements*. If animals are unloaded without permission and paperwork given supt. The animal will be loaded back up and the exhibitor will not be allowed to show at the Lafayette County that year.

MARKET CLASSES

Sign up for weight class, auction animal, Lean gain & showmanship!

1. No more than two market pigs (barrow or gilt) per exhibitor can be entered. The gilt pigs will have the option to show in their own class. If you show under Class B, those gilts will not be eligible for Grand or Reserve Market Swine. You must enter your gilt under Class A for that.
2. Market animal weigh-ins will be 10:00 a.m. -1:30 p.m. on Tuesday.
3. Swine Showmanship – Wednesday
4. Market barrows must weigh a minimum of 225 lbs. at fair to be eligible for the show. If an exhibitor does not have a market pig that makes the minimum weight they will be allowed to exhibit one pig – the heaviest – in the Junior show.
5. The Market Hog Show will be a NON-TERMINAL SHOW. ***Pigs can go home.*** Rights can be reserved on your pig to show at the Wisconsin State Fair. This must be declared at weigh ins.
6. No clipping swine in the barns.
7. *The animal must have been carried as a project animal since May 1 of the current show year.*
8. Every exhibitor or exhibitor's family must take proper steps to feed and water their swine exhibits through Sunday afternoon. Any exhibitor who is found mistreating their swine exhibit by withholding feed and water will have actions taken against them including withholding auction proceeds, and the animal will not be entered in the carcass show and will be sold at market price. Action could also include the exhibitor being banned from exhibiting swine at the Lafayette County Fair the following year.
9. Each exhibitor is responsible for caring for their swine exhibit or making arrangements for someone to care for their animal. The Swine Superintendent, LCLC, Lafayette County Fair, and other load out personnel are not responsible for getting your extra hogs to locker plants. We will only be responsible for animals that run through the auction and those that choose to go directly to market. If you have made a locker assignment for your extra hogs you are responsible for getting it to that particular locker plant. This is a non-terminal show. If you make locker assignments you are responsible to get them there. Again we are only responsible for the hogs that go through the auction and those that declare market for their extra hog.
10. Regular Health papers (on the farm within 30 days before the show-no signs of disease) will be required of all swine.
11. Little Britches Class – open to all children 4 years old to 3rd grade. You do not need to be in any organization to exhibit. The exhibitor can bring their own hog or can borrow a hog already at the fair from another exhibitor. **Please fill out the form in the back of the fair book.**
12. Top placing swine animals must sell in the auction.
13. There will be a Bred and Owned class separate from the Gilt Show and Junior Market Show. Any swine that meets the Bred and Owned criteria will be eligible for Bred and Owned Champion. That criterion includes the following. The gilt or barrow must be purebred. Crossbreds are not eligible. Breed registration certificates must be made available at check in. The junior exhibitor must be listed as a current owner or co-owner and as the original breeder or co-breeder on the registration certificate. The Bred and Owned champion will not go to

the top of the sale order. They will have the opportunity to show in Junior Market Show and make Top 5 of sale order during that portion of the swine show.
