Camping Information in 2019

Did you know you can camp at the fairgrounds most weekends and throughout the week?

It's just $10/night, and you can camp anywhere in the park area on the West side of the fairgrounds. There is water located near the small animal pavilion and the restrooms are open! There are no electric hookups in August and September.

First come first serve on spots when you pull in. There is a camping information box outside the fair office including a form and additional details on how to pay and what is allowed/is not allowed.

Camping is available now through September 30th with the following exceptions: September 6-8 (Pecatonica Antique Days) & September 20-22 (Bob Larson Memorial race). For information on camping during those weekends please contact someone from the antique club or the speedway for additional details.
